DISHWASHERS, STEAM TABLES,
FOUNTAINS, SOFT SERVE MACHINES,
SHORT TIME PASTEURIZING UNITS AND
INDUSTRIAL PROCESSING UNITS

**DANGER: Keep Out of reach of
children**

Manufactured For:

525 CARR STREET
CINCINNATI OH 45203
513-723-0777

This product is especially formulated to neutralize, soften and remove based on solids from equipment that has been exposed to high temperatures or a period of time. Cleaning procedures should conform to local health board recommendations.

This product will neutralize baked on milk solids, lime or scale. For milkstone, lime or scale removal use 1 ounce to each gallon of water for initial deliming. Let this solution soak, then scrub and flush away. If necessary, repeat to remove accumulated deposits. To control film after initial deposit use 1 ounce for each 3 gallons of water. If equipment has heavy grease film an alkaline cleaner may be needed before deliming.

PRECAUTIONS

DANGER: CORROSIVE --- CAUSES CHEMICAL BURNS

Contact with eyes can cause tissue damage and irritation. Should contact occur, seek medical attention immediately. Flush eyes with water for 15 minutes. Should contact with SKIN occur, seek medical attention immediately. Wash affected areas with soapy water. Remove contaminated clothing and wash before reuse. Should INGESTION occur, seek medical attention immediately. Drink large quantities of water, follow by milk of magnesia or soap chips.
